## CAPABILITIES NARRATIVE

ABR Ventures LLC (DBA Honua Waterworks) is a Hawaii-based small business specializing in the supply and distribution of waterworks, utility, and civil infrastructure materials supporting federal, state, and municipal missions across the Pacific. Founded in 2019, ABR delivers compliant, commercial-item solutions that support installation readiness, infrastructure modernization, facility sustainment (FSRM), and disaster response operations.

## CAPABILITIES NARRATIVE

- Waterworks and utility materials (ductile iron, PVC, HDPE, copper)
- Valves, fittings, hydrants, conduit, and piping systems
- Structural steel and construction materials
- Commercial-item supply under FAR Part 12
- Rapid fulfillment and Pacific-region logistics support
- Prime and subcontractor support for federal construction programs

## DIFFERENTIATORS

- Local Hawaii presence reducing logistics risk and lead times
- Proven support to large federal primes and DLA supply chains
- NAICS-based small business eligibility (no certification dependency)
- Procurement-literate team experienced in FAR-driven environments
- Scalable supply model supporting BPAs, IDIQs, and task orders

## FEDERAL MISSION ALIGNMENT

ABR supports mission requirements for NAVFAC, USACE, DLA, FEMA, and state and local infrastructure agencies by mitigating mainland supply chain risk through local Hawaii presence, responsive sourcing, and disciplined procurement execution. Our operating model aligns with 2026 FAR reform priorities emphasizing simplified acquisition, commercial sourcing, and best-value delivery.
